

WE CARE,
AND IT SHOWS.

The Pharmacy with Care Program is designed to provide medication management that works for patients and their families.

The Medicine Shoppe offers FREE delivery for prescription medications as well as a daily dispense witness program. Our Licensed Practical Nurses will deliver your medications to your door free of charge. Our six stores are strategically situated so we can provide our service from Chilliwack to Point Grey and Agassiz to West Vancouver.

PHARMACY WITH CARE PROGRAM

DELIVERY TO YOU

- Free daily, twice daily, weekly and monthly delivery
- A Licensed Practical Nurse (LPN) will come to you to assist or witness daily ingestion of medications
- We can monitor your blood glucose daily, monitor your blood pressure daily and report to your doctor upon request
- Trans dermal patches changed daily: Exelon (memory) Nitro-Dur (angina)
- Pick up prescription from you
- Supportive vitamins can also be packaged with your Daily, Weekly or Monthly blister package**

DIABETICS

- Licensed Practical Nurses can assist with blood glucose and administration of insulin
- Pre-filled insulin program with witness injection available
- Insulin injection and glucose monitor training
- Patient medication profile for at home use (MAR Sheet)

AUTOMATION & SAFETY

- Our SynMed® system automates the distribution of your medication within a blister card. Each blister is identified with your name, which medication to take, and the day and time it must be taken.
- You'll get a personalized card from us with clear and precise information. The full-colour card includes your picture, your pharmaceutical profile, and even pictures of the medication you need to take.
